## HOW IT WORKS:

### IN THE MORNING:

children will be divided into two groups to participate in one of the days specialties. After a healthy snack, the groups will swap so that everyone has an opportunity to explore each discipline and their own creative voice.

### IN THE AFTERNOONS:

children will get to experience a menu of optional activities, workshops and/or guest performances that include: obstacle courses, scavenger hunts, making board games and much more!

## WHAT THEY WILL DO:

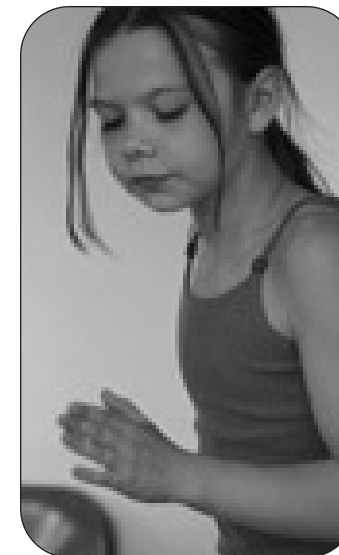

**DRAMA-RAMA:** Young actors will unleash their imaginations while learning to use their voices and bodies on stage through theater games and storytelling, making for a creative, interactive experience.

**MOVEMENT MOJO:** More of a dance experience than a class, these action packed dance sessions will keep them grooving. Young movers will use their bodies and imaginations to create their own movement. The perfect forum for kids to learn movement combinations that are challenging and fun. Dance explorations are influenced by modern dance, hip hop, contact improvisation, and capoeira.

**TUMBLE JUMBLE:** Through acrobatics, dance and yoga, the world will be turned topsy-turvy and upside-down! Basic tumbling skills (cart-wheels and round-offs), upside-down skills (head and hand stands) and elements of yoga (asana poses) will be explored.

**MUSICAL MADNESS:** A twist on traditional musical theater, young performers will learn fun musical numbers that incorporate staging, physicality and vocal technique. They will explore and collaborate, creating songs of their own. Drawing on various acting and singing styles, the experience is designed to help them find their voice along the way.

## WHAT PARENTS SAY:

"Who knew that a 7-year-old could be as creative as we've seen her be? BAX has brought out a side of her that I don't think we would have seen otherwise. This is a place that takes very seriously how children can develop creatively."

— Sara Dean Palmer, parent

"To me, BAX is like a small town arts center. It is clear to me that something very good and very special is happening at BAX."

— Gabrielle Shubert, parent

"I love the respect that is given to children and each other, the freedom of expression, the safe feeling, the connections my child has made, the non-competitive attitude, the feeling at home, the generosity."

— BAX parent from Park Slope Parent survey, Summer 2007
